PROFILE

Motivated Software Engineering student with strong interest in modern web development and software engineering. Experienced in building responsive and interactive web applications using Next.js, React, TypeScript, JavaScript, and Tailwind CSS. Passionate about solving real world problems through clean, scalable, and user focused software solutions.

EDUCATION

B.Sc. Software Engineering
Babcock University
2024 – 2028

Relevant Coursework: Data Structures & Algorithms, Software Engineering, Database Systems, Object-Oriented Programming, Web Development

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, HTML, CSS
Frameworks: Next.js, React, Tailwind CSS
Tools: Git & GitHub, VS Code, MySQL (basic)
Focus Areas: Frontend Development, Full Stack Development, UI/UX Design, API Integration

PROJECTS

AI Powered Study Assistant

Next.js, React, TypeScript, Tailwind CSS

- Built an AI-powered web application designed to help students get instant academic support through conversational interaction
- Implemented a clean and responsive chat-based interface for real-time user interaction
- Integrated structured frontend architecture using React and TypeScript for scalability and maintainability
- Focused on improving accessibility to learning support through intuitive UI and fast response flow

Personal Portfolio Website

Next.js, Tailwind CSS, JavaScript

- Designed and developed a modern, responsive developer portfolio
 - Implemented smooth animations and mobile-friendly UI
 - Showcases projects, skills, and contact information in a clean layout
-

STRENGTHS

Problem Solving • Fast Learning • Team Collaboration • Communication • Adaptability • Creativity
